

Amy Rene Ford RN, BSN, OCN
Biographical Sketch and Disclosure

Amy Ford has held positions as an infusion nurse, transplant coordinator, radiation oncology nurse and research nurse. In her role as research nurse at Baylor Institute for Immunology Research (BIIR), Amy was responsible for assisting with clinical trials related to dendritic cells and immune modulation. She is an oncology certified nurse and received the nurse of the year award for outstanding practice.

Amy received her Bachelor of Science in nursing from Baylor University. She was the first graduate nurse employed by the Texas Oncology for the outpatient bone marrow transplant clinic at Baylor - Charles A. Sammons Cancer Center in Dallas.

She joined the team at Creative Cancer Concepts in 2006 as a clinical education specialist. Amy's primary role is to educate professionals caring for patients with cancer on a variety of topics including symptom management and newer treatment approaches.
